

"Instruments of God"

**Family Devotion #13**  
For the Week Of November 5, 2017

Beloved, our homecoming message brought by Curtis Evans centered around the theme of joy. You will find listed below Bible verses that contain the word *joy*, read through these verses to learn more of what God has told us about joy through His Word.

Psalm 16:11

Psalm 51:12

Romans 15:13

Philippians 4:4-8

John 15:9-11

James 1:2

There are many verses in the Bible about joy, do a search to find more! A verse does not have to actually contain the word joy to be about joy, keep this in mind as you search the Scriptures for more information.

A good study would be to learn what the joy of the Lord is. There are lots of helpful articles on the [www.gotquestions.org](http://www.gotquestions.org) webpage. Remember to always use the Bible as your final source of authority regarding spiritual matters!
